

Closes / Opens Configuration Section. The grey section should slide up to close, and slide open to reveal

The Dark Blue highlight seems to be cut of, or not perfectly rounded.

Use the Slide animation instead of the fade. Like you have done with the Assessment areas below

We are going to use Redactor - Text Editor for this. Will send you the license for you to download and integrate.

At certain screen widths these lines where getting cut off and not joining the round Icons. This should be fixed.

Active Icon should be inverted in colour, not grey. I will send some updated Icons to use for this.

Slide animation should be reversed. Slide left should be right. and Right should be left
